Feud of Long Standing Between Jim Bourland and Notorious Desperado, Fred Hudson.

Anadarko, Okla., May 24.—2:30 a. m.—At one o'clock this morning a fierce pistol duel took place on Main street between Deputy Sheriff Jim Bourland and the notorious outlaw, Fred Hudson. Bourland received a wound in the abdomen, the ball passing through his body. Hudson was shot twice in the legs, one leg being broken, which necessitated it being amputated. The feud between these men was one of long standing and was intensified yesterday when Bourland took a revolver away from Hudson. T. J. Kennedy, a saloon man of this city, and J. L. Byron are now under arrest. Hudson is in a very critical condition.

RICH MINERAL LANDS

**House Asked to Authorize Leasing of
Lands for Development.**

Washington, D. C., May 23.—With a view to developing the mineral lands on the various Indian reservations that contain precious metals, Delegate Smith of Arizona has introduced a bill permitting the Secretary of the Interior to lease such lands for the benefit of the Indian tribes occupying such reservations.

The bill provides that all entries made upon mineral lands containing precious metals and situated within an Indian reservation shall conform to the mineral land laws of the United States, except that no patent shall be issued therefor.

Of late prospectors have been working these fields and the results have been such that congress has been persistently appealed to for legislation that will permit the development of lands that have given such promise of riches. The bill is with the committee on public lands and the parties interested in securing its passage believe that they have assurance of an early and favorable report.

GETS A LIFE SENTENCE.

**Negro Convicted of Assault Is Saved
From Gallows.**

Muskogee, I. T., May 23.—Sam Morrow, a negro, was today convicted of criminal assault, the jury returning a verdict of guilty after being out forty minutes, with a recommendation that the sentence be inflicted without capital punishment. The crime is a capital offense under United States law, but the sentence in this case will be life imprisonment. Morrow assaulted 13-year old Mary Coleman, a negro girl, at her home seven miles west of Muskogee, July 9, 1905. The girl was then choked to death and Coleman was arrested and tried on a charge of murder last January. A jury acquitted him of the murder charge, when the federal authorities had him indicted on a charge of assault, which led to his conviction. The prosecution was conducted by Assistant District Attorneys Kittler and Leekley.

MARSHAL RAIDS

**Liquor Seized at Sulphur Railroad
Station and Dumped Into Gutter.**

Sulphur, I. T., May 23.—A deputy United States marshal yesterday seized a case of liquor at the Frisco station and smashed the contents. Later in the day he entered a small shop on Davis avenue and took a trunk containing 131 pint and eight quart bottles full of suspicious smelling fluid and smashed them all.

Last night a detail of deputies came down from Ardmore and with Deputy Duncan, of Sulphur, proceeded to raid the gambling houses. Thirty-five arrests were made and the furniture and fixtures of six places were burned.

ONLY ONE WEEK MORE.

**N. E. Weigle Will Remain Until Car-
nival Is Over.**

Such strong pressure has been brought to bear on N. E. Weigle to remain in Tulsa until the Parker carnival that he has consented to stay one week more. Hundreds of citizens, members of the city council, and friends galore have been persistent in begging him to remain, and he could hold out no longer—he will run the store until the carnival moves out.

This is a wonderful tribute to Mr. Weigle's business methods, and very strong testimony to the high principled manner in which he has conducted his business. He has made friends of his customers because he has never played on their credulity, never took advantage of their ignorance, but has always sold good goods at the right prices.

Everybody will be pleased that he is going to remain one week more, and everybody hopes that he will come back to Tulsa by next fall, at least.

**TRIPLE TRAGEDY
IN CHICKASAW
NATION WILDS**

**DOUBLE MURDER TO COVER A
ROBBERY.**

TERRIBLE TALE OF CRIME

Mountaineers Parties in Lynching Agreed to Keep the Matter a Secret

Oklahoma City, Okla., May 23.—It was learned here today that a double murder to cover a robbery, followed by a lynching, has occurred in the wilds of the mountains in the Chickasaw nation. The affair occurred two weeks ago. The parties in the tragedy were mountaineers who agreed among themselves to keep the affair a secret.

Two weeks ago a unknown man went into the home of R. T. Tutt, who lives near the base of the mountains, and demanded food. She was refused by Mrs. Tutt, who found it necessary to enforce her refusal by the display of a gun. A few days later a nearby farm house occupied by two maiden women was broken into, and the sisters shot in an endeavor to protect themselves, and robbed of \$700 in cash. The neighbors discovered the deed and a posse was organized. The murderer was trailed to the woods and on his discovery was shot down in cold blood.

Erects Big Water Tank.

Shawnee, Okla., May 23.—The water mains for the new service that the Rock Island is establishing at the shops here, are being laid by a large force of workmen. The mains run west from the shops. The service line will be 12 and 9 inches. A new well of large size is being dug and walled at the pumping station and new pumps and other machinery will be installed there to handle the water. A large steel tank, of 250,000 gallons capacity, of which a part of the material is now on hand, will be erected at the shops.

The new stand house, a large structure located at the west end of the shop yard, is in use, with enough sand stored in the storage bins to run for several weeks.

**SENATOR BURTON DEFIES HIS
ENEMIES—WON'T RESIGN.**

DEFENDS HIS POSITION

Kansas Statesman Maintains that His Status in the Senate Is Same As Before the Decision.

World Washington Bureau.

Washington, May 23.—At the request of Senator Burton, whose case has recently been decided by the supreme court adversely, a conference was held today between himself and the chairman of the senate committee on privileges and elections, Senator Burrows. The object of the Kansas senator was to gain some knowledge of the proposed procedure by Senator Burrows, of the committee, regarding the resolution introduced by Senator Hale. Mr. Burton does not contemplate resigning. The fact that a stay has been granted him sixty days in which to file application for a rehearing, leaves his status, he contends, just as it was previous to the decision of the court, and that no action is necessary by the senate that would have been necessary before the recent opinion was rendered.

World Washington Bureau. Washington, May 23.—In addition to passing a half dozen bills to which no objection was made, the senate today devoted its entire session to the immigration bill, which was passed just before the hour of adjournment. The major portion of the discussion was devoted to the provision for supplying information concerning the different sections of the country, to the newly arrived immigrants.

The bill consists of a series of amendments to the existing law, all of them intended to permit stricter regulations for keeping out defective classes of aliens. The head tax is increased from \$2 to \$5. The senate adjourned at 5:20 p. m.

**A STATEMENT
FROM THRONE**

**CZAR ISSUES OFFICIAL DOCU-
MENT COVERING AMNESTY.**

IS DOOM TO TERRORISTS

A Strong Feeling Against Full Amnesty in Russia as Long as Political Assassinations Exist.

The following official statement of the government justifying the refusal to grant plenary amnesty was given out tonight and made publishable in all papers in Russia tomorrow morning: "The question of full political amnesty which has been raised, in parliament and which is included in the lower house's address to the emperor and supporters by several organs of the Russian press, is far from meeting with sympathetic response from all sections of Russian society. "It is impossible to avoid noticing the strong current of feeling against full amnesty in different classes of population, where it is pointed out that political assassinations do not cease. The news is daily telegraphed from the provinces of fresh murders or attempts to murder officials. In the presence of such irreconcilable disposition on the part of the terrorists' societies, the government cannot expose the peaceful, right thinking section of the population to danger. The government cannot refrain from bringing to justice terrorists and the bomb throwers. It can not deliver from punishment by judicial sentences people who have committed and are still committing such crimes."

Twenty-Five Indictments Against the Lynchers, Four of Which Will Be Murder in the First Degree

Springfield, Mo., May 23.—The special grand jury investigating the mob of April 14, which hanged and burned three negroes, made their final report late today. The points of importance in the report were that the jury found that no assault had been committed on Mrs. Mina Edwards, as alleged; that it was impossible for the two negroes, Duncan and Coker, to have been at the scene of the alleged assault at the time it was committed; that the sheriff and police department were negligent in the performance of their duty.

As to the number of indictments found by the grand jury, it is thought that they will number about twenty-five. Of this number four are said to be for murder in the first degree.

**KANSAS CITY SHIPPER RECEIV-
ED REBATES FOR 25 YEARS.**

"MYSTERIOUS JACKSON"

Large Sums of Money Deposited in New York by Unknown Man to Merchants' Credit.

Kansas City, May 23.—Testimony of unusual interest was brought out this afternoon in the United States court in the trial of George H. Crosby, freight manager for the Burlington railroad, George L. Thomas of New York, a freight broker, and L. B. Taggart, his clerk, on a charge of conspiracy in rebating railroad rates.

The principal witnesses today were George A. Barton, of Barton Bros. Shoe company; George W. Taylor, of the Robert Keith Furniture & Carpet company; E. W. Freyeshlag, of the Freyeshlag Mercantile company, all of this city; and Walter B. Kelby, of New York, clerk in 1904 and 1905 for Thomas.

The testimony showed that the firms mentioned received large sums of money from mysterious sources after freight bills had been paid; sometimes in express packages, always from New York, but none knew who sent it. On the stand Freyeshlag frankly referred to an agreement with Thomas whereby his firm was to receive twenty-five per cent rebates on freight bills, and told how the money was deposited in New York to the firm's credit by one "Jackson," a person whom he did not know. He could not remember whether it was he or T. B. Taggart who had suggested the name of the same. At first he said the idea was his, but on cross examination he changed and said he could not remember. He admitted that the name was used to hide "this business," a term all witnesses today employed.

"All shippers here are in the same box with me," Freyeshlag exclaimed defiantly. "Instead of four years, this thing has been going on for twenty-five, not at 25 per cent rebates, but at 40 per cent."

The Wisdom of World Want Ads

The World carries more "want ads" than all the other Territory papers combined. The World "wants" are fetching fetchers. One Tulsa man cleared \$1,000 on a twenty-five-cent World "want ad." Big deals are made every day through little "want ads." They bring results. Try them.
